

# Clause 56.07

of the

## Victoria Planning Provisions

Jamie Comley  
Local Government Liaison Officer, Clearwater

# An overview

- Integrated Water Management in Residential Subdivision
- All Planning Schemes in Victoria
- Applies to:
  - Residential 1, 2 and 3 Zones
  - Mixed Use Zones
  - Township Zones
  - Comprehensive Development Zones
  - Priority Development Zones
  - Low Density Residential Zones (discretionary)
- All subdivisions of 2 or more lots, except where each new lot contains an existing dwelling

# Key changes

Clause 56.07: 4 objectives and standards

1. Drinking Water Supply
  - Fundamentally unchanged
2. Reused and Recycled Water
  - Dual pipe infrastructure provided to lots where required by retail water authorities
3. Wastewater Management
  - Fundamentally unchanged
4. Urban Runoff Management
  - Residential subdivisions need to meet Best Practice targets for pollutant loads and flow discharges

# Today
